

COLLABORATIVE EDUCATION COVID-19 ACTIVITY

Adapted Collaborative Education Programming

Collaborative education programming shifted to virtual delivery at the beginning of the pandemic. Once students were allowed back into the hospital we have piloted safe face-to-face learning again with much success.

458

Learners completed Collaborative Learning electives

15

Collaborative Learning electives offered online

1

Collaborative Learning elective piloted in-person

“ OVERALL, THIS LEARNING ACTIVITY IS ONE THAT I WOULD RECOMMEND TO MY PEERS ”

Average Student Answered:

4.45/5

The program had learners from 6 Academic Institutions and 13 Disciplines:
