

Patient Update

October 10, 2025

Dear patients,

We are writing to remind you about our upcoming long weekend clinic closure, and vaccine updates

Thanksgiving Weekend Urgent Care Clinics

On Monday October 13, 2025 our clinics will be closed. If you need urgent medical care you can call Health Connect Ontario at 1-866-553-7205. This service will connect you with a nurse who will provide you with advice over the phone. When you call, tell them you are a patient of the St. Michaels Family Health Team and your doctor or nurse practitioner's name and clinic location. This service is for urgent health issues that are not an emergency. If your medical concern is an emergency, please call 911 or go to your nearest Emergency Room.

We will continue to run Urgent Care Clinics on Saturday October 11 and Sunday October 12. For more information about our Urgent Care Clinics and after hour's services, please see our [website](#).

Vaccine Updates

We will be sending around more information about RSV, influenza (flu), and COVID vaccines in the coming weeks.

At present we do not have any flu vaccines in our clinics and won't be booking appointments for flu vaccines until the week of Oct 27, depending on supplies. More information about booking options will be sent mid-October.

We will be offering RSV vaccines in our clinics to patients who are eligible. More information will be sent out mid-October.

We will not be offering COVID vaccines in our clinics this year, and encourage patients to get these vaccines at their local pharmacies.

Take care and be well,
SMAFHT Leadership
