

A photograph of three people smiling outdoors. On the left, a person in a blue checkered shirt is partially visible. In the center, a woman in a light green sleeveless shirt is smiling broadly. On the right, an older woman with glasses and a floral top is also smiling. The background is bright and out of focus, suggesting a sunny outdoor setting.

Lung Cancer Screening for People at High Risk

If you are 55 to 74 years old and have smoked cigarettes for at least 20* years – you might qualify for lung cancer screening.

For more information:
Call 416-340-4154
or talk to your doctor

Interested participants can also visit
www.TRCP.ca for more information.
(Screening program > Lung Screening)

*Periods of smoking can be added together,
ie. Does not have to be 20 years in a row
