

**Full Professor – Academic Endocrinologist**  
**Department of Medicine, St. Michael's Hospital and University of Toronto**

The Department of Medicine at St. Michael's Hospital, in conjunction with the Temerty Faculty of Medicine, University of Toronto, is seeking a qualified full-time academic Endocrinologist. The successful candidate must be eligible for a Full-time Clinical Academic appointment at the rank of Full Professor at the University of Toronto. The candidate will have an academic position description of Clinician Scientist (CS). The expected start date of the position is October 1, 2025, or shortly thereafter.

The successful candidate will hold an MD degree (or equivalent) and have, or be eligible for, certification in Endocrinology and Metabolism by the Royal College of Physicians and Surgeons of Canada and licensure with the College of Physicians and Surgeons of Ontario (CPSO). The successful candidate will support outpatient demands and inpatient consultations and will participate in the educational programs in Endocrinology and Metabolism at St. Michael's Hospital and the University of Toronto. They will be expected to take a clinical and research leadership role in the metabolic bone disease program within the Division and therefore must have a proven record of clinical and research excellence in metabolic bone disease, including rare bone diseases, atypical femur fractures and osteoporosis. This will be evidenced by publications in leading journals, book chapters, meeting presentations, journal editorship, and international awards and leadership positions. For details on the University of Toronto academic clinical faculty requirements for advanced training and demonstrated scholarship for the job description of CS, please see Table 2 at <https://deptmedicine.utoronto.ca/clinical-faculty-academic-appointments#Clinicalfacultyapptcategories>.

The successful candidate will report to the Head, Division of Endocrinology & Metabolism at St. Michael's Hospital. The Division is composed of 13 full time academic endocrinologists, and has an international reputation in clinical and translational research, education and quality improvement. All divisional members work from St. Michael's Hospital, 30 Bond St., Toronto as well as at the Centre for Diabetes and Endocrinology at 61 Queen St. East, Toronto, Ontario.

Estimated remuneration will be commensurate with academic rank, qualifications and experience, and is estimated to be in the range of \$292,341 to \$350,000 per annum based on an Alternate Funding Plan, fee for service billings and support from a clinical scholarship payable through the SMPA Admin Agent Inc. A comprehensive extended health and dental benefit program is included. The successful candidate may be eligible for relocation benefits. All candidates must be able to function proficiently in English.

Applications will be accepted until the position is filled. Should you be interested in this opportunity, please forward a one-page statement of interest, curriculum vitae and the names and contact information of four referees, two who are internal to your current organization, and two external, to:

Dr. Natalie Wong, Interim Physician-in-Chief

St. Michael's Hospital is part of Unity Health Toronto, comprised of Providence, St. Joseph's and St. Michael's Healthcare. Unity Health Toronto is one of Canada's largest Catholic healthcare networks serving patients, residents and clients across the full spectrum of care, spanning primary care, secondary community care, tertiary and quaternary care services to post-acute through rehabilitation, palliative care and long-term care, while investing in world-class research and education. St. Michael's Hospital is a teaching and research hospital in downtown Toronto. Affectionately known as the Urban Angel, St. Michael's is renowned for providing exceptional patient care. As downtown Toronto's adult trauma centre, the hospital is a hub for neurosurgery, complex cardiac and cardiovascular care, diabetes and osteoporosis care, minimally invasive surgery and care of the homeless and disadvantaged. Fully affiliated with the University of Toronto and home to the Li Ka Shing Knowledge Institute, St. Michael's provides outstanding medical education to health-care professionals in 29 academic disciplines.
