

**Lecturer or Assistant / Associate / Full Professor – Academic Infectious Diseases Specialist  
Division of Infectious Diseases, St. Michael's Hospital,  
Department of Medicine, University of Toronto**

The Department of Medicine at St. Michael's Hospital, in conjunction with the Temerty Faculty of Medicine, University of Toronto, is seeking a qualified full-time academic Infectious Diseases specialist. The candidate will have an academic position description of Clinician Teacher (CT) and must be eligible for a Full-time Clinical Academic appointment at the rank of Lecturer or Assistant, Associate, or Full Professor at the University of Toronto. The expected start date of the position is July 1, 2026, or shortly thereafter. The successful candidate will hold an MD degree and should have, or be eligible for, certification in Infectious Diseases by the Royal College of Physicians and Surgeons of Canada and licensure with the College of Physicians and Surgeons of Ontario (CPSO). This position will support inpatient consultations and outpatient care including the care of those living with HIV, substance use disorder, and precarious housing, thus interest, experience, and expertise in caring for these populations is strongly desired. The successful candidate will participate fully in the educational programs in Infectious Diseases at St. Michael's Hospital and the University of Toronto and collaborate in clinical research and quality improvement programs. The successful candidate will also have or be working towards a graduate degree or other advanced training relevant to teaching or education and should have a proven academic record of excellence in teaching and education. For details on the University of Toronto academic clinical faculty requirements for advanced training and demonstrated scholarship for the job description of CT, please see Table 2 at <https://deptmedicine.utoronto.ca/clinical-faculty-academic-appointments#Clinicalfacultyapptcategories>

The successful candidate will report to the Head, Division of Infectious Diseases at St. Michael's Hospital. The Division currently consists of eight full time and one part time specialist and provides comprehensive care including special interests in treatment and prevention of HIV and other sexually transmitted infections, tuberculosis, travel-related infections, migrant health, and caring for patients experiencing social and/or economic marginalization, including precarious housing. The Division includes leadership in antimicrobial stewardship, infection control, and broader public health at the local, national, and international levels. Members of the Division are internationally recognized in population and public health, clinical, and basic research, and participate in the undergraduate, graduate, and postgraduate teaching programs at the University of Toronto.

Estimated remuneration will be commensurate with academic rank, qualifications and experience. Applications will be accepted until January 30, 2026. Should you be interested in this opportunity, please forward a one-page statement of interest, curriculum vitae and the contact information of four referees, two who are internal to your current organization, and two external, to:

Dr. Natalie Wong, Interim Physician-in-Chief

St. Michael's Hospital is part of Unity Health Toronto, comprised of Providence, St. Joseph's and St. Michael's Healthcare. Unity Health Toronto is one of Canada's largest Catholic healthcare networks serving patients, residents and clients across the full spectrum of care, spanning primary care, secondary community care, tertiary and quaternary care services to post-acute care through rehabilitation, palliative care and long-term care, while investing in world-class research and education. St. Michael's Hospital is a teaching and research hospital in downtown Toronto. Affectionately known as the Urban Angel, St. Michael's is renowned for providing exceptional patient care. As downtown Toronto's adult trauma centre, the hospital is a hub for neurosurgery, complex cardiac and cardiovascular care, diabetes and osteoporosis care, minimally invasive surgery and care of the homeless and disadvantaged. Fully affiliated with the University of Toronto and home to the Li Ka Shing Knowledge Institute, St. Michael's provides outstanding medical education to health-care professionals in 29 academic disciplines.
