

**Lecturer or Assistant / Associate / Full Professor – Academic Interventional Cardiologist
Division of Cardiology, St. Michael's Hospital,
Department of Medicine, University of Toronto**

The Department of Medicine at St. Michael's Hospital, in conjunction with the Temerty Faculty of Medicine, University of Toronto, is seeking a qualified full-time academic interventional cardiologist. The candidate will have an academic position description of Clinician Teacher (CT), Clinician Educator (CE), Clinician Investigator (CI) or Clinician in Quality and Innovation (CQI) and must be eligible for a full-time clinical academic appointment at the rank of Lecturer or Assistant, Associate, or Full Professor at the University of Toronto. The expected start date of the position is in the second half of 2026.

The successful candidate will hold an MD degree (or equivalent) and should have, or be eligible for, certification in Cardiology by the Royal College of Physicians and Surgeons of Canada and licensure with the College of Physicians and Surgeons of Ontario (CPSO). The St. Michael's interventional cardiology group is internationally recognized for their work in structural heart and chronic total occlusion/complex higher-risk indicated patients (CTO/CHIP) intervention and currently performs over 3,000 diagnostic catheterizations and 1,500 percutaneous coronary interventions (PCIs) annually. Preference will be given to candidates with proven experience and expertise in intra-vascular imaging and/or intra-coronary physiology. The successful applicant will participate in the 24/7 Primary Angioplasty/Code STEMI service. Further inpatient and outpatient clinical activities (attending on Cardiac ICU or inpatient cardiology teaching unit along with outpatient clinics, including specialty clinics such as SCAD clinic) will be discussed with the successful candidate. In addition to being a skilled coronary interventionalist, the successful candidate will participate in the educational programs in Cardiology at St. Michael's Hospital and the University of Toronto and lead or collaborate in clinical research and quality improvement programs. The successful candidate will support outpatient demands and inpatient consultations. The successful candidate will also have or be working towards a graduate degree or other advanced training relevant to their area of specialization. The successful candidate should have a proven academic record of excellence in education or quality improvement. For details on the University of Toronto academic clinical faculty requirements for advanced training and demonstrated scholarship for the job descriptions of CT, CE, CI, and CQI, please see Table 2 at <https://deptmedicine.utoronto.ca/clinical-faculty-academic-appointments#Clinicalfacultyapptcategories>

The successful candidate will report to the Head, Division of Cardiology at St. Michael's Hospital. The Division currently consists of 25 full time cardiologists and provides comprehensive cardiac care including interventional cardiology, interventional electrophysiology, and non-invasive programs including cardiac imaging, and patient care (ambulatory care, cardiac intensive care and clinical teaching units). Members of the Division are internationally recognized in both clinical and basic research, and participate fully in the undergraduate and postgraduate teaching programs at the University of Toronto.

Estimated remuneration will be commensurate with academic rank, qualifications and experience. Applications will be accepted until April 17, 2026. Should you be interested in this opportunity, please forward a one-page statement of interest, curriculum vitae and the contact information of four referees, two who are internal to your current organization, and two external, to:

St. Michael's Hospital is part of Unity Health Toronto, composed of Providence, St. Joseph's and St. Michael's Healthcare. Unity Health Toronto is one of Canada's largest Catholic healthcare networks serving patients, residents and clients across the full spectrum of care, spanning primary care, secondary community care, tertiary and quaternary care services to post-acute care through rehabilitation, palliative care and long-term care, while investing in world-class research and education. St. Michael's Hospital is a teaching and research hospital in downtown Toronto. Affectionately known as the Urban Angel, St. Michael's is renowned for providing exceptional patient care. As downtown Toronto's adult trauma centre, the hospital is a hub for neurosurgery, complex cardiac and cardiovascular care, diabetes and osteoporosis care, minimally invasive surgery and care of the homeless and disadvantaged. Fully affiliated with the University of Toronto and home to the Li Ka Shing Knowledge Institute, St. Michael's provides outstanding medical education to health-care professionals in 25 academic disciplines.
