Lecturer or Assistant / Associate / Full Professor – Academic Benign Hematologist
Division of Hematology/Oncology, St. Michael's Hospital,
Department of Medicine, University of Toronto

The Department of Medicine at St. Michael's Hospital, in conjunction with the Temerty Faculty of Medicine, University of Toronto, is seeking a qualified academic hematologist with expertise in non-malignant classical, and complex hematology. The successful candidate must be eligible for an academic appointment at the rank of Lecturer or Assistant, Associate or Full Professor at the University of Toronto. The candidate will have an academic position description of Clinician Teacher (CT), Clinician Educator (CE), or Clinician in Quality and Innovation (CQI). The expected start date of the position is July 1, 2027, or shortly thereafter.

The successful candidate will hold an MD degree, or equivalent, and certification in Hematology by the Royal College of Physicians and Surgeons of Canada (or equivalent qualifications) and should have, or be eligible for licensure with the College of Physicians and Surgeons of Ontario (CPSO). Preferably, the successful candidate will also have or be working towards a graduate degree relevant to their area of specialization. The successful candidate will participate in the educational programs in Hematology at St. Michael's Hospital and the University of Toronto and collaborate in clinical research and quality improvement programs. For details on the University of Toronto academic clinical faculty requirements for advanced training and demonstrated scholarship for the job descriptions of CT, CE and CQI, please see Table 2 at https://deptmedicine.utoronto.ca/clinical-faculty-academic-appointments#Clinicalfacultyapptcategories.

The Division currently consists of 14 full time hematologists and oncologists, has an international reputation in clinical research, education and quality improvement, and busy in- and out-patient services. This position will support the current in- and out-patient demands in non-malignant classical-complex hematology in addition to supporting the Hematology-Oncology Clinical Research Group (HOCRG). The candidate will have clinical expertise in women's hematological health, bleeding and thrombosis, immune cytopenias, the intersection between genetic risk, myeloid disorders and bleeding, as well as a proven academic record of excellence in research, quality improvement or education. The successful candidate will report to the Head, Division of Hematology/Oncology at St. Michael's Hospital.

Estimated remuneration is above $200,000 annually and will be commensurate with academic rank, qualifications, clinical work and experience. Applications will be accepted until January 4, 2027. Should you be interested in this opportunity, please forward a one-page statement of interest, curriculum vitae and the names and contact information of four referees to:

Dr. Natalie Wong, Interim Physician-in-Chief

St. Michael's Hospital is home to the largest Hemophilia Treatment Centre in Canada, and is part of Unity Health Toronto, comprised of Providence, St. Joseph's and St. Michael's Healthcare. Unity Health Toronto is one of Canada's largest Catholic healthcare networks serving patients, residents and clients across the full spectrum of care, spanning primary care, secondary community care, tertiary and quaternary care services to post-acute care through rehabilitation, palliative care and long-term care, while investing in world-class research and education. St. Michael's Hospital is a teaching and research hospital in downtown Toronto.

Affectionately known as the Urban Angel, St. Michael's is renowned for providing exceptional patient care. As downtown Toronto's adult trauma centre, the hospital is a hub for neurosurgery, complex cardiac and cardiovascular care, diabetes and osteoporosis care, minimally invasive surgery and care of the homeless and disadvantaged. Fully affiliated with the University of Toronto and home to the Li Ka Shing Knowledge Institute, St. Michael's provides outstanding medical education to health-care professionals in 29 academic disciplines.
